

Pelikanen

Municipality of Götene

Welcome to Skaraborg

At the center of Scandinavia and as part of the largest industrial region in the Nordic region, Skaraborg is facing unique growth! There are strong clusters and innovation environments and well-functioning collaboration between business, academia and the public sector. Established networks, an entrepreneurial business climate and personal commitment at all levels give you the conditions to succeed.

THIS IS WHERE IT HAPPENS!

Locate to Skaraborg

Skaraborg has a strategic location with close distance to Stockholm, Oslo and Copenhagen.

The optimal location will be a geographical hub for companies that want to reach out and expand in the Scandinavian market, further out in the world. It has train connections, ports and highway for effectively connection.

It is also home to the Skaraborg Logistic Center, which provides advanced and sustainable logistics solutions.

WELCOME TO JOIN US!

Why Skaraborg?

The combination of growth focus and long-term sustainability is a strategic success factor that makes Skaraborg one of Scandinavia's most exciting future regions.

There are 15 municipalities with just over 270,000 inhabitants that are part of the Västra Götaland region with 1.7 million inhabitants.

WANT TO KNOW MORE? [CONTACT US!](#)

Quick facts | Pelikanen

- Surface area: 20 000 m²
- Building height: 10 m
- Property code: Pelikanen 1
- Electricity area: SE3
- Suitable for: Industry, Logistics

Plant area | General information

The site is owned by Götene municipality and is planned for industry. The Pelikanen industrial area has an attractive location directly adjacent to road 44 with proximity to the E20. The properties are not parceled out, so there is the opportunity for you as a developer to design your own plot based on your needs. The area is planned for industrial purposes and is approximately 20,000 m² in total.

Götene municipality can offer business land in a strategic location with good logistical conditions. In the immediate area there are several clusters of manufacturing industries in various sectors, such as the food industry, plastics industry and metal industry.

Coordinates: 58.5336, 13.4830
